World-class Integration, Small Business Innovation  
Net-centric and Niche Solutions*

*Team Apptis has the experience, commitment, and mindset to deliver IT the DoD way – performance-based and net-centric.*

## Secure, High Performance IT – the DoD Way

By leveraging 20 years of experience with the military and our superior team, we provide clients easy access to a unique mix of DoD expertise, innovation, and best value.

### Leading, Net-centric Technologies

Mobile computing, wireless networking, converged networks – all net-centric technologies essential in empowering the global warfighter. We provide COTS product knowledge and demonstrated systems integration expertise to energize existing networks or deliver new ones quickly and securely.

### Expert DoD Compliant Architectures

Apptis ITES-2S is the only team with first hand experience implementing DoD target architectures for all branches of the military. Core members hold prime contracts for NETCENTS (EDS), GIG (Apptis), and NMCI (The CENTECH GROUP). Our best practices make compliance seamless and efficient.

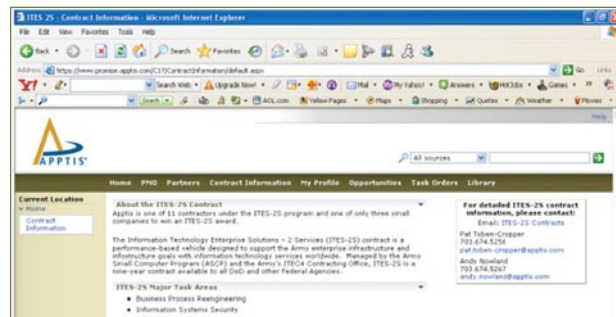

### Niche and Innovative Solutions

Whether you need experts in CMM/CMMI, DoDAF, performance-based contracting, or other niche solutions, Team Apptis delivers. And, our cadre of forward-thinking small businesses delivers innovative technologies that will prepare your enterprise for the future.

### Face-to-Face Service

With presence in every theater of operations, our team of sales and technology professionals are poised to help you design, implement, and buy your IT, face-to-face.

### PROMISE, Secure Web Portal

*Supports performance-based contracting with 24x7 tracking and monitoring*

## Team Apptis: World Class Integration, Small Business Innovation

With a team heavy in small businesses, we energize innovation guided by expert knowledge in DoD architectures. Count on us to deliver on any task order, anywhere in the world.

*Only Team Apptis offers first hand experience implementing target architectures for every branch of the military.*

## About Apptis

Ranked as one of the Top 25 Federal Contractors by Federal Computer Week, Apptis is a prominent provider of IT solutions and services for the U.S. federal government. Since 1983, the company has been applying leading technologies to diverse needs to deliver solutions that are agile, trusted, and business-aligned for optimized performance. The company's robust enterprise-wide capabilities answer today's needs for performance-based services, mobility, interoperability, and security.

Apptis has served all major U.S. federal agencies, all branches of the U.S. military and holds an exceptional track record of driving and supporting the complex IT of defense and national security.

The company values integrity and partnership, encouraging its knowledgeable, ethical and flexible professionals to build strong collaborative relationships with customers. Apptis is privately held with headquarters in Chantilly, Virginia, with 2005 gross revenues of \$700 million.
